Features & Applications

SINGLE BARREL STACKER

- Multi purpose cradle for the horizontal storage of drums and containers
- Ideal for use with sump pallets, sump flooring and bund trolleys
- Enables the safe decanting of liquids into smaller containers
- Made from tough, durable 100% polyethylene

SBS

length 875mm
width 765mm
height 730mm
weight 10kg
colour black

Reversible action for use with 1no 205ltr, 1no 100ltr or 1-2no 25ltr drums

SECURE DRUM LID

Features & Applications

- A safe and secure lid for open and closed head 205ltr drums
- Keeps debris and rain off and out of drums
- Grips drum for wind resistance
- Made from durable and flexible plastomer

DL2

diameter 630mm
height 160mm
weight 2kg
colour yellow

Made from the same material as our pallet converters, the flexible material ensures a tight fit around the top of the drum

Features & Applications

DRUM TOP WASH TRAY

- Made from 100% polyethylene
- Enables safe decanting of liquids into 205ltr
- Fitted with mesh debris strainer
- A stable "parts" cleaning station
- Fits most 205ltr drums
- 50mm spout provides no spill decanting
- A chemical dousing point accessory
- A liquid dispensing workstation

BT75

diameter 870mm
height 240mm
capacity 50ltr
weight 5kg
colour yellow
